QUESTION 1

Which two statements about Security Fabric integration with FortiManager are true? (Choose two.)

- A. The Security Fabric license, group name and password are required for the FortiManager Security Fabric integration
- B. TheFabric Viewmodule enables you to generate the Security Fabric ratings for Security Fabric devices
- C. The Security Fabric settings are part of the device level settings
- D. TheFabric Viewmodule enables you to view the Security Fabric ratings for Security Fabric devices

Correct Answer: CD

QUESTION 2

An administrator would like to create an SD-WAN default static route for a newly created SD-WAN using the FortiManager GUI. Both port1 and port2 are part of the SD-WAN member interfaces. Which interface must the administrator select in the static route device drop-down list?

- A. port2
- B. virtual-wan-link
- C. port1
- D. auto-discovery

Correct Answer: B

QUESTION 3

Which two items does an FGFM keepalive message include? (Choose two.)

- A. FortiGate uptime
- B. FortiGate license information
- C. FortiGate IPS version
- D. FortiGate configuration checksum

Correct Answer: CD

QUESTION 4

Which two conditions trigger FortiManager to create a new revision history? (Choose two.)

- A. When configuration revision is reverted to previous revision in the revision history
- B. When FortiManager installs device-level changes to a managed device
- C. When FortiManager is auto-updated with configuration changes made directly on a managed device
- D. When changes to device-level database is made on FortiManager

Correct Answer: BC

Reference: https://help.fortinet.com/fmgr/50hlp/56/5-6-1/FortiManager_Admin_Guide/1000_Device%20Manager/1500_Manage_device_configs/0600_Manage%20config%20rev%20history.htm

QUESTION 5

View the following exhibit.

The screenshot displays the FortiManager web interface. The top navigation bar includes 'Device Manager', 'Device & Groups', 'Firmware', and 'License'. Below this, there are buttons for 'Add Device', 'Device Group', 'Install Wizard', and 'Tools'. The main content area is divided into two sections:

- Device Manager:** Shows a list of devices under the 'Managed FortiGate' group. The list includes 'Local-FortiGate', 'Remote-FortiGate', 'root [NAT] (Management)', 'Student[NAT]', and 'Trainer [NAT]'. A red box highlights the 'Managed FortiGate devices' label.
- Policy Packages:** Shows the configuration for an 'IPv4 Policy' under 'Installation Targets'. A table lists the installation targets:

Seq.#	Install On	Name	From	To
1	Remote-FortiGate(Student)	Ping_Access	port3	port1
2	Local-FortiGate(root)	Web	port3	port1
3	Installation Targets	Source_Device	port3	port1

A red box highlights the 'Policy Package' label in the table.

Given the configurations shown in the exhibit, what can you conclude from the installation targets in the Install On column?

- A. The Install On column value represents successful installation on the managed devices
- B. Policy seq#3 will be installed on all managed devices and VDOMs that are listed under Installation Targets
- C. Policy seq#3 will be installed on the Trainer[NAT] VDOM only
- D. Policy seq#3 will be not installed on any managed device

Correct Answer: B
